

IELTS EXAM RESULTS 2017 - 2018

The English Language Centre prepares students for the IELTS examination and helps book students wishing to take the exam, whether they have taken a preparation course or not. As we are not a test centre, we sometimes do not receive test results for some students so their results are not included.

ELC Eastbourne runs a number of 4-week [IELTS preparation courses](#) throughout the year which prepare for the Academic Module of IELTS and which are timed to coincide with the exam on the Saturday after the course. Typically we run between 3 and 5 classes for each course date.

Students typically take the IELTS course with us because they wish to go on to university to study at the following levels:

University Level	Typical IELTS score required
Undergraduate foundation course	4.5 – 5.0
Pre-sessional course	5.5 – 6.0
Bachelors degree course	6.0 – 6.5
Masters degree course	6.5 – 7.0
